RE: Community Action Success Stories

Our agency affects the lives of thousands of people. This year we will be sure to share our accomplishments with Board and staff. Please notify me if you are aware of activities that should be included.

COMMUNITY ACTION ENERGY PROGRAM

The Community Action Committee of Pike County Energy Program received this letter from a family they recently served.

Dear Mr. Throckmorton & CAC Weatherization Program Staff:

Our family would like to sincerely thank you for all of the home improvements that were made to our grandmother's home. In this time of the world when you hear about all of the horrible things that are going on, it's so nice to know that there are still great people in this world. Your program is a great asset to our community, and it has brought a special smile to my grandmother's face. My grandmother is 92 years old and has lived in her home for at least 70 of those years. Therefore, her home is still the gathering place for her seven daughters, grandchildren, and great grandchildren. Mr. Throckmorton, I understand that everything was completed with professionalism. We are deeply thankful and do appreciate your assistance.

Hats off to Clinton and his staff.
