

# Great Things Are Happening at Community Action

TO: All Employees  
FROM: Gary Roberts, Executive Director  
DATE: February 2, 2016  
RE: Community Action Success Stories

Our agency affects the lives of thousands of people. This year we will be sure to share our accomplishments with Board and staff. Please notify me if you are aware of activities that should be included.

## Employment & Training OhioMeansJobs

A participant came into the Pike County OhioMeansJobs Center the week of January 25<sup>th</sup>, 2016 for job search. She submitted resumes and filled out job applications via their computers. She received a phone call on Friday, January 29<sup>th</sup> about setting up an interview for a job she had applied for. On the message that was left for her, the company reported that they pulled her resume from CareerBuilder.com.

She recommends coming to the Pike County OhioMeansJobs center to job search. She said the staff were great and very helpful and that they didn't make her feel like she didn't know anything when she asked questions. She said they were ready to help her in any way that they could.

She wants to thank the staff for their assistance in helping her find a job.

**Congratulations to Rita, Wayne, and all of the Employment and Training Staff.**
