

Great Things Are Happening at Community Action

TO: All Employees
FROM: Gary Roberts, Executive Director
DATE: December 22, 2015
RE: Community Action Success Stories

Our agency affects the lives of thousands of people. This year we will be sure to share our accomplishments with Board and staff. Please notify me if you are aware of activities that should be included.

CHRISTMAS SAVINGS

Today a patient at Valley View Health Centers was given a prescription for which the pharmacy was charging \$140. Thanks to the intervention of Dr. Gotfried and Paula Childers, the patient qualified for our 340B Drug Pricing program and only had to pay \$12. This is a shining example of how our services benefit many area residents.

COLORECTAL CANCER AWARENESS GRANT

The American Cancer Society has announced that Valley View Health Centers has been awarded a \$7,500 grant to increase awareness of colorectal cancer and the need for appropriate screening. Congratulations to Cindy Balzer and Valley View Health Center staff.
